USA, USSR & Middle East

By ISSA NAKHLEH

The Middle East has become an inferno. The Jew war criminals use napalm daily to incinerate Christian and Muslim men, women and children. They are massacring civilians, demolishing entire villages, committing atrocities, and torturing and killing Palestine freedom fighters. That explosive situation continues as a vicious and cruel war which may involve the United States and the Soviet Union, and may lead to World War III. Zionist leaders in the United States and in occupied Palestine (so-called Israel) are doing everything in their power to drag the U.S. into that war. It must be remembered that in 1917 Zionist leaders railroaded the United States into World War I in order to obtain a "Jewish national home" in Palestine, as promised by the British Government in the Balfour Declaration. They also railroaded the United States into World War II in 1941 to implement their 1933 declaration of war against Germany and establish their so-called "Jewish state" in Palestine.

The June 5, 1967 war unleashed by so-called "Israel" continues with the escalation of bombing, air-raids and killings on all fronts. The United States supplied the Jews with Phantom bombers and with other sophisticated weapons ensuring to so-called "Israel" air superiority. Jewish aeroplanes daily roam the skies of the Middle East, murdering children and peaceful civilians.

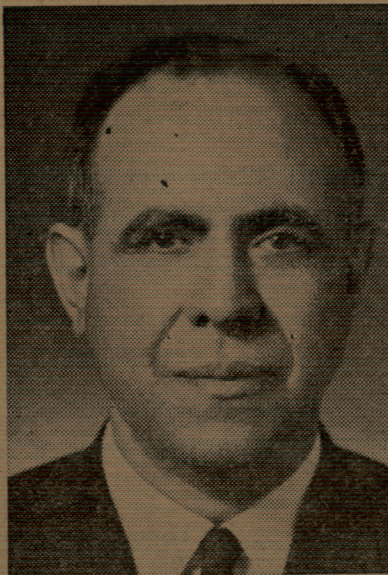

Egypt, Jordan, Lebanon and Syria do not possess the necessary sophisticated weapons for their defense against these aggressive Jewish assaults by air. Jordan and Lebanon have been abandoned by their western friends and allies, denying them the weapons even for their defense. The Soviet Union supplied Syria and the United Arab Republic their MIG-19 and MIG-21 planes, no match for the U.S. Phantom bombers, and supplied them with SAM-2 (surface-to-air) missiles, totally ineffective against low-flying bombers. The Soviet Union has only recently started supplying Egypt with SAM-3 (surface-to-air) missiles which may now be used to curb the Jew penetration of Egyptian skies.

To the average American, the situation in the Middle East must be confusing. The Zionist control of the media of mass-communication in the United States is responsible for this confusion. United States citizens have been brainwashed by untruths, half-truths and managed news. United States readers are fed only what the Zionists want them to believe. This is why it is important to explain the background of this conflict and the objectives of all parties involved in the Middle East crisis.

The Zionists' Criminal Programme

The Zionists' criminal programme consists in creating a "Jewish State" in the heart of the Arab World from the Nile to the Euphrates. Their declared intention is to retain all the territories they occupied in the June 1967 war. They prepared their military plans for the conquest of all Lebanon, Syria, Jordan and Iraq. They plan to domin-

ate the economy of the Arab world including the oil resources of the Middle East, thereby completing their domination of world economy. Zionists are determined to continue their domination of the foreign policy of the United States and Western Europe, using them as satellites. With this world control, Zionist leaders look to transferring the United Nations to Jerusalem and thereby realize their program for world government.

False Interpretation of Old Testament

The Zionist programme has been sold to the Jews of the world and to a large number of the gullible gentiles by their false interpretation of the Old Testament. They brainwashed Jews and gentiles in the Western World with the canard that "God promised Palestine and the surrounding countries from the Nile to the Euphrates to Jews, and the prophets foretold their return there, and the creation of the State of Israel is the fulfillment of the word of God." They circulated many false slogans like "God is repatri-

 "When the immigration policies of Israel were directed toward making a home for refugees, it was proper to have those activities supported by tax-free American contributions. The present policies are not refugee policies. They are the policies inherent in the Zionist program . . . an ingathering of the Jews from all over the earth. Whether they are oppressed or not, whether they are Jews . . . bring them into the new Zion no matter what injustices are perpetrated on the former owners of the land. Not 1 penny of tax-free American money should go into this project. In fairness to American taxpayers, the Treasury must re-examine the tax-free status of contributions to the United Jewish Appeal." — Hon. Ralph E. Flanders, former Senator from Vermont, July 30, 1958, in one of ten speeches before the U.S. Senate on the Middle East Situation.

ating his chosen people to their promised land." Over 3,000 Christian clergymen in the United States and Western Europe were put on the payroll of the Zionists to propagate these fraudulent claims. Zionists claim the occupation of Arab territories is "liberation" and their usurpation of the lands and homes of Christians and Moslems in Palestine and other Arab countries is "reclamation" and "restitution."

Zionist Tongues Mock Peace

Zionist leaders plan to keep the Middle East in turmoil until Zionist objectives are realized. They falsely proclaim they want peace while they commit aggression and make war. Zionists believe they can achieve their objectives through war. This is why they are making themselves self-sufficient in the production of weapons, including tanks and jet aeroplanes. They are already producing 80% of the guns and ammunition they require for their criminal programme. The atomic reactor in Dimona is already producing plutonium for atomic bombs and nuclear warheads. Their Weizmann Institute is producing agents for chemical and biological warfare. The Zionists are determined to carry out their criminal programme, using the big powers and the Jews of the world as their tools as they have done.

In fulfilling the first part of their programme, the Jew war criminals committed the most dastardly crimes against the Christians and Moslems of Palestine and neighboring Arab countries. The Zionist War Crimes and Crimes Against Humanity are without parallel in modern history. Through Zionist control of the press, radio and television in the United States and Western Europe, Zionists have been able to suppress the news of these atrocious crimes. Zionists play on the sympathy of gullible gentiles with the myth of "the 6 million Jews massacred in Europe." They continue a worldwide hunt for alleged "Nazi War Criminals" while Jews in the occupied Arab areas are daily committing War Crimes and Crimes Against Humanity.

Jews Determined to Uproot Christianity And Islam from the Holy Land

Jews planned to create a Jewish State in Palestine that had to be 100% Jewish. Christianity and Islam were to be stamped out. Christians and Muslims were to be excluded from the Jewish State. Zionist plans now call for the expulsion of all non-Jews from Palestine and the destruction of Christian and Muslim Holy Places and every other religious sanctuary in the Holy Land.

Jews revealed their objective regarding Christian Holy Places in Palestine as far back as 1920. In 1920 the Anglican Bishop of Jerusalem denounced Zionist objectives in an address in the British House of Lords, later published as an article in the Church Times, London, in which he stated: "The Zionist Commission had been a very strong body; but it was not strong enough to control all its members, many of whom were extremists. They had behaved and spoken as if the country had already been given to
